

TOWN OF VINCENT

Dog & Cat Sterilisation Subsidy Scheme

Town of Vincent dog and cat owners, whose dogs and cats are not sterilised, are invited to participate in a sterilisation subsidy scheme.

This scheme is being run in conjunction with My Best Friend Veterinary Centre in Leederville and enables Town of Vincent residents to sterilise their dog or cat at the subsidised rate of \$30 for male or female cats and \$50 for male or female dogs.

Applications should be made to the Town of Vincent Administration & Civic Centre, 244 Vincent Street (cnr Loftus) Leederville, between 8.00am and 5.00pm weekdays. Owners must provide proof of residence within the Town of Vincent. For further information ring the Customer Service Centre on 9273 6022.

The recommended age for dogs and cats to be sterilised is from five months of age. The maximum number of animals which are permitted to be kept in any one household is two (2) dogs and three (3) cats, so the Town of Vincent would not sterilise more than these numbers.

The Town of Vincent has no specific rules or local laws regarding cats.

In accordance with the Town's Health Local Laws, no more than three (3) cats over the age of three (3) months are permitted to be kept in any one house or premises.

However, an owner or occupier of the premises may apply in writing to the Town for exemption from the above requirement.

It is recommended that all cats are sterilised. The Town currently offers a special discount rate in conjunction with My Best Friend Veterinary Service situated at Unit 3, 106 Oxford St, Leederville for Town of Vincent residents. The fee is the same for male and female cats and is offered at a substantial reduction. Further information regarding this scheme can be obtained by contacting the Ranger Services & Community Safety Customer Service Officer on 9273 6023.
